### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1, 32 added limitations as to "tracks" and "cover moved in a vertical direction" are seen to define over use of Zerwes type tracks which are designed for pivotal motion of the cover even if there might be an incidental vertical component to the basic pivotal cover motion. Also the Zerwes tracks are basically for constraint of pins 46 and not for cover vertical movement as required by these claims. Claims 1, 32 are allowable for these reasons as well as those stated in Remarks in last response

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Neil Abrams at telephone number 571-272-2089.
